HANGTUF'S ADOPTED COVID-19 SAFETY GUIDELINES

Based on the Centers for Disease Control February 1, 2022

If You Test Positive for COVID-19 (Isolate)	
Everyone, regardless of vaccination status	 Stay home for 5 days from the earlier of your positive test or onset of symptoms. If, after 5 days, you have no symptoms or your symptoms are resolved, you can return to team activities. Wear a mask around others for an additional 5 days. If you have a fever, continue to stay home until your fever resolves.
If You Were Exposed* to Someone with COVID-19 (Quarantine)	
If You: Have been boosted OR Completed the primary series of Pfizer or Moderna vaccine within the last 6 months OR Completed the primary series of J&J vaccine within the last 2 months OR You were confirmed positive for COVID-19 in the last 90 days	 Not required to stay home. Wear a mask around others for 10 days. Test on day 5, if possible. If you develop symptoms, get a test and stay home.
If You: Completed the primary series of Pfizer or Moderna vaccine over 6 months ago and are not boosted OR Completed the primary series of J&J vaccine over 6 months ago and are not boosted OR Are unvaccinated	 Stay home for 5 days. Wear a mask around others for 10 days. Test on day 5, if possible. If you develop symptoms, get a test and stay home.
If You: Live with someone who has tested positive for COVID-19 and are not fully vaccinated and boosted.	 Stay home for 5 days. Wear a mask around others for 10 days. Test on day 5, if possible. If you develop symptoms, get a test and stay home.

* Exposure is being less than 6 feet away from an infected person for a cumulative total of 15 minutes or more over a 24-hour period.
